TENNIS REGISTRATION

Depending on signups, there will be three days of tennis competition in M/W singles and doubles, plus MXD doubles, with Tuesday off for the Paribas tournament at Indian Wells. With too many signups, singles would be eliminated. There will also be a Team Tennis format with four equal teams based on NTRP ratings.

The camaraderie and competition of Team Tennis is fun for everyone! Participants should plan on one TeamTennis match (10-game pro set in a variety of doubles combinations) each of the three days. Remember that because the TeamTennis scores are cumulative, players put their teammates at a disadvantage if they default a match. So, if you sign up for Team Tennis, you commit to playing for your team for all three days.

Indicate the events you (and your spouse) want to participate in and fill in your current NTRP rating (above.)
